

Buy Sustainable Property Scheme 2026

1. Title and aim of the Scheme

The Grant on the Acquisition of Energy Efficient Residential Property is designed to support residential property buyers who purchase energy-efficient homes after October 1st, 2025. The grant provides up to €9,000, distributed over three years, based on the energy performance of the purchased property.

This scheme, introduced by the Building and Construction Authority, aims to raise public awareness about the benefits of energy-efficient buildings, such as reduced energy consumption and long-term cost savings. By rewarding buyers of energy-efficient properties, the program not only promotes sustainable housing but also aligns with broader environmental goals, encouraging the adoption of greener building practices across the country.

2. Definition of terms.

Throughout the Notice unless the context otherwise requires:

- (a) "applicant" means a person who applies under this scheme.
- (b) "The Authority" means the Building and Construction Authority established by Article 3 of the Building and Construction Authority Act, (Cap 623);
- (c) "beneficiary" means every person who benefits under this Scheme; and when application is made for two beneficiaries jointly, shall include all beneficiaries in solidum.

3. Conditions of the scheme

Under this Scheme, two (2) distinct grants are available; however, each property is eligible for only one (1) grant, and each beneficiary may receive only one (1) grant for a single property. Any applicant submitting more than one (1) application on the same beneficiary must withdraw all but one; failure to do so will result in disqualification from the Scheme.
